In re Application of :  
Dideriksen, Feller, Harris, Novak, :  
and Olson : DECISION GRANTING STATUS  
Application No. 09/817,901 : UNDER 37 CFR 1.47(a)  
Filed: 26 March, 2001 :  
Attorney Docket No. MS1-788US :

This is in response to the twice renewed petition filed under 37 CFR 1.47(a) on 6 November, 2002.

The petition is **GRANTED**.

Petitioners have shown that the non-signing inventor, Chris Feller, has refused to join in the filing of the above-identified application after having been sent via E-mail a copy of the application papers. Specifically, the statement of petitioners' registered attorney, Lance R. Sadler, establishes that the a copy of the application papers were sent via E-mail to the inventor, who acknowledged receipt thereof. The inventor then sent an E-mail to counsel's employee, Jane Stafford, stating that he would not sign the application. The inventor has not signed and returned the declaration.

The above-identified application and papers have been reviewed and found in compliance with 37 CFR 1.47(a). This application is hereby accorded Rule 1.47(a) status.

As provided in Rule 1.47(c), this Office will forward notice of this application's filing to the non-signing inventor at the address given in the Declaration. Notice of the filing of this application will also be published in the Official Gazette.

Although petitioners submitted a two (2) month extension of time with the present renewed petition, a three (3) month extension of time is necessary for a timely reply to the decision mailed 6 June, 2002. Therefore, counsel's deposit account, No. 12-0769, will be charged the additional \$520.00 for a three (3) month extension of time.

It is noted that the declaration filed with the present petition lists a different order of inventors' names than did the declaration filed on 29 November, 2001. The order of names of joint patentees in the heading of the patent is taken from the order in which the typewritten names appear in the original oath or declaration.<sup>1</sup> Therefore, if petitioners desire that the order of names be other than as specified on the declaration filed with the application, a petition under 37 CFR 1.182 to change the order of inventors must be filed, accompanied by the requisite petition fee.

After this decision is mailed, the application will be forwarded to the Office of Initial Patent Examination.

Telephone inquiries related to this decision should be directed to the undersigned at 703-308-6918.
